PRINCELY PAVILIONS,
GARDENS OF FLOWERS,
THE BEAUTIFUL LIFE THAT
BATTERSEA POWERS.

PRINCE OF WALES DRIVE

BATTERSEA LONDON SW11

Salisbury House is a superior collection of duplex apartments and 1, 2 & 3 bedroom homes.

Perfectly located in Zone 1 with all that Battersea old and new has to offer, including one of London's finest parks, Battersea Park on the doorstep. Prince of Wales Drive also provides access to both underground and overground stations less than 5 minutes' walk away. The forthcoming Northern Line extension, due 2021, will cut journey times to the City and West End to just over 10 minutes*.

With easy access to the river and Chelsea, via Chelsea Bridge, Prince of Wales Drive is ideally placed to enjoy all of London.

The Thames Clipper River Bus is now running throughout the day from Battersea Power Station Pier (only a 12 minute walk from development) with frequent services to Blackfriars in just 20 minutes*.

Prince of Wales Drive is a considered collection of 1, 2 and 3 bedroom homes within 11 distinctive pavilions together with cafés, shops and a crèche. The stunning residents' facilities include a pool, sauna, steam room, eighth floor residents' roof terrace, concierge and secure residents' basement parking.** An on-site commercial gym is also available to residents. All set within 2.5 acres of open space.

Designed by leading architects Squire & Partners, the sophisticated, spacious apartments are inspired by the historic mansion blocks that surround Battersea Park.

Landscape architects, Gillespies have designed a tranquil landscape that is beautiful by day and stunning by night.

World-renowned and award-winning interior designers Muza Lab, have been influenced by the industrial heritage of the area and the park, combining these to create distinctive and striking interiors.

The St William vision for Prince of Wales Drive is to create a distinguished, considered scheme that places the landscape as the focal point - all backed by the Berkeley Group and its commitment to sustainability, quality and customer service.

REFERENCES WERE TAKEN FROM THE ORIGINAL VICTORIAN INDUSTRIAL HERITAGE, WITH AN ELEGANT 26-STOREY METAL FRAMED 'CAMPANILE' TOWER DESIGNED AS A FOCAL POINT AT THE END OF THE CENTRAL GARDENS.

INSPIRED LANDSCAPING BY GILLESPIES

Prince of Wales Drive has been designed to completely change its original industrial setting into a peaceful new neighbourhood. The unique and compelling landscaping by Gillespies is central to this transformation. By sensitively referencing the area's past, the choice of richly detailed materials offers access to a collection of beautiful and tranquil gardens.

Gillespies also designed the exclusive eighth floor roof terrace, for residents to enjoy all year round.

CITY

This palette takes a strong reference from the rich industrial heritage in both the choices of colours and materials. In the kitchen, ceramic tiles banding highlights the splashback, while in the bathroom, darker tones are to the vanity unit and the composite stone vanity top and sink surround.

TOWN

This palette is soft and warm in tone. In the kitchen the colour of the composite stone counter tops and timber veneered cupboard doors suggest the influence of the nature of the park. Continued through to the bathroom, timber effect vanity unit combines with textured tiles to the bathroom feature wall.

PUTNEY

This palette choice takes a strong reference from the rich industrial heritage in both the choices of colours and materials. In the kitchen, grey limewash flooring forms the backdrop to such features as gunmetal taps and a metal mesh finish to the feature cabinet.

The kitchen counter is a dark stone and the splashback has an antique mirror tile feature. Timber effect tiles together with a dark stone vanity unit create a bold statement in the bathroom. This is complemented by grey tiles on the walls and floor, with a grey feature wall of layered ceramic tiles and fluted glass bath/shower screens.

VICTORIA

Takes inspiration from the natural hues of the park. The overall palette is soft and honey toned, with a light oak floor, pale reconstituted stone kitchen counter, timber veneered cupboard doors. The feature cabinets complement the metal veined glass. With industrial style taps in a brushed nickel finish.

Timber effect tiles with a creamy reconstituted stone sink surround and counter top form a vanity unit of rich, warm tones. There are lightly coloured floor and wall tiles with a textured ceramic tile feature wall.

WESTMINSTER

Westminster offers the greatest contrast of the light and the dark in its palette. Here, pale reconstituted stone is coupled with a dark grey floor and wall tile, in the bathroom. A creamy white stone, with soft grey veining, in the kitchen, is combined with richly toned oak flooring, laid herringbone pattern with timber veneered kitchen cabinetry.

Rough ceramic slabs create a textured feature wall in the bathroom, which accompany timber effect tiles to the vanity unit and gunmetal finish to the taps.

CREATED BY: ST WILLIAM

OUR DIFFERENCE

St William is a joint venture between Berkeley Group and National Grid.

Our vision is to develop sites that have been closed to the public for decades and reconnect them to the community.

We want the places built by St William to be renowned for the quality of their landscape and the open space.

The term 'landscape' comes from two words meaning 'to shape a place where people belong'. That idea inspires our approach. The space between buildings is where you create a community and somewhere that is sociable, sustainable and safe.

We believe beautiful landscaped open spaces give room to breathe and sit in harmony with our vision for the carefully considered architecture and thoughtfully designed interiors throughout our developments.

A COMMITMENT TO THE FUTURE

Over the years, the Berkeley Group has won many prestigious awards for the quality, design and sustainability of its developments.

Our Vision is Berkeley's strategic plan for the business, designed to raise standards higher still. Our goal is to be a world-class business, defined by the quality of the places we create, generating long-term value and having a positive impact on society.

AN EXCEPTIONAL CUSTOMER EXPERIENCE

We put customers at the heart of our decisions. Dedicated sales teams will provide exceptional service throughout the buying process, and teams will manage the customer relationship from exchange of contracts through to completion, delivery of the new home and after occupancy.

HIGH QUALITY HOMES

We aim to build high quality, well-designed homes with low environmental impact, where customers have the opportunity to achieve healthy, comfortable and sustainable lifestyles, now and in the future. Attention to detail in design is paramount to ensure our homes meet the needs of our customers.

GREAT PLACES

We seek to create strong communities where people choose to live, work and spend their time and which directly encourage people's wellbeing and quality of life. These are places characterised by the quality of their design, external spaces, transport and access to jobs and amenities.

We take our responsibilities towards our customers, the environment, our workforce and the communities in which we work very seriously.

Our plan for the business has five areas of strategic focus: Customers, Homes, Places, Operations and Our People.

EFFICIENT AND CONSIDERATE OPERATIONS

We reduce the impact of the construction process on the local community by registering all of our sites with the Considerate Constructors Scheme. We set targets to reduce water, energy and waste. We work with our supply chain to ensure high quality services and materials are consistently provided.

A COMMITMENT TO PEOPLE

The safety, health, wellbeing and development of our people is a high priority. We aim to have a positive impact on society through our support of the Berkeley Foundation.

St William
Designed for life

To pioneer a landscape-led approach to urban developments is hugely important to us. We truly believe these spaces between the buildings are as important as the buildings themselves, where one's wellbeing within that space can be emphasised through positive design.

Backed by the strength and expertise of National Grid and the Berkeley Group, St William will regenerate sites at the heart of communities across London and the South of England, creating homes for everyone.

THE BERKELEY FOUNDATION

The Berkeley Foundation is the independent grant-making foundation established by the Berkeley Group in March 2011.

It works in partnership with the voluntary sector and others to help young people in London, Birmingham and the South of England overcome barriers, improve their lives and build a fairer society. It does this primarily by funding high-quality frontline support for marginalised young people. Since its launch, the Foundation has committed over £18 million to more than 100 charities and worthy causes.

The Foundation's funds come from a variety of sources. To date, Berkeley Group employees have raised an amazing £5 million through fundraising events and Give As You Earn. External donations and support comes from Berkeley's supply chain and consultants. The Berkeley Group provides core funding and pays all the Foundation's overheads, which means that all money raised is spent on charitable activities.

In 2018/19, 65% of Berkeley staff got involved with the Foundation's work.

PRINCE OF WALES DRIVE – DESIGNED FOR LIFE

Buying a home is one of the most important decisions you will ever make. The qualities that make St William different mean that you can choose a new home from us with complete confidence. When you buy a home from St William you can be safe in the knowledge that it is built to very high standards of design and quality, has low environmental impact and that you will enjoy an exceptional customer experience.

CUSTOMER SERVICE IS OUR PRIORITY

We place the highest priority on customer service and will manage the whole moving process for you. Our Customer Care Teams will contact you shortly after you complete to ensure that everything in your new home is absolutely to your liking. Our homes also benefit from a 10-year warranty, the first two years of which are covered by St William.

GREEN LIVING AND SUSTAINABLE DEVELOPMENT IS TOP OF OUR AGENDA

As a company, we are committed to reducing energy, water and waste on our construction sites, in our offices and in the homes that we build. Almost all of our developments are built on brownfield land and we always take care to protect and enhance biodiversity and natural habitats. Our homes include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy efficient white goods.

QUALITY IS AT THE HEART OF EVERYTHING WE DO

At St William, quality takes precedence, from choosing the right location and style of home, to the construction processes we practice, the materials we use and the specifications we put into our homes. For extra peace of mind, in addition to the 10-year warranty all new homes receive, St William operates a 2-year policy with dedicated Customer Service Teams on hand 24 hours a day to deal with enquiries quickly and effectively.

UNPARALLELED CHOICE OF HOMES IN THE MOST SOUGHT AFTER LOCATIONS

As one of the UK's leading house builders, we are able to offer our customers an unrivalled choice of property location, size and type. From city penthouses to country retreats, modern studio apartments to traditional family homes, you will find the perfect home to match your requirements. Our homes are also built in some of Britain's most desirable locations from market towns and rural villages to major towns and cities, and countryside to the coast – we build in the locations you want to live.

A COMMITMENT TO CREATING SUSTAINABLE COMMUNITIES

St William's homes and developments are not just built for today. They are designed to enhance the neighbourhoods in which they are located permanently. We achieve this through our commitment to excellence in design, sensitive landscaping, sympathetic restoration, and impeccable standards of sustainability. We aim to address the needs not only of our customers but their neighbours and the broader community of which they are a part. It is a long-term view: we want to create exceptional places for people to live, work and relax in, and build communities that will thrive today and for years to come.

MYHOME PLUS

MyHome Plus is a new online service that is designed to help you manage key aspects of your new home at anytime from anywhere in the world. You will be introduced to the system by your Sales Consultant at point of reservation and you will be given an account to file your documents, meet the team, view your options and choices and get updates on the construction progress.
